

HARVEST HOUSE

January 2022

WHO WE SERVED

In the month of January, the Harvest House Resource Center was able to service 28 families, 2 shelters, and a total of 128 foster children. In addition, we opened our doors to 3 emergency placements, offering a safe haven while providing clothing, food, shelter, & placement.

SPECIAL EVENTS

Christmas Celebration - Harvest House was able to give out over 700 gifts to our island's foster children and families during our annual Christmas event. Thank you to all our donors and volunteers who came alongside us to make Christmas memorable for our foster children.

Pancake-Waffle Breakfast - On January 29th, Harvest House hosted the 1st Annual Pancake Waffle Breakfast. With the help of the Bill Muna Foundation, The Cracked Egg and the friends, families, and businesses that support Harvest House, we were able to receive \$10k.

WHATS NEW - Harvest House is excited to be able to offer Trauma Treatment Training to our Licensed Foster Parent in 2022. We held the first session on January 27th and are all looking forward to the benefit that this be and the positive way it will impact parenting these children from hard places.

DONATIONS

Thanks to our supportive community, Harvest House received approximately \$6k in monetary donations this month. Thank you especially to the 23 individual donors who contributed to helping Guam's foster community.

Harvest House has been very blessed during the holiday season, and we are excited to see God continue to provide in the upcoming months.
