

HARVEST HOUSE

February & March 2022

WHO WE SERVED

Harvest House serviced 45 emergency placed children. We were able to provide meals, clothing, gifts, and help in locating placement for them. In addition, we also served 62 foster families and 169 foster children through our monthly support efforts of babysitting, training, and donation distribution.

DONORS

APL & Cost U Less Fundraiser - APL hosted a Cost U Less fundraiser that benefited Harvest House. We received many items to fill our Resource Center with.

Atkins Kroll - Through Atkins Kroll Community Cares Program, they donated to Harvest House \$1,914 which signifies the year they were established. Through this program, their desire is to contribute to non-profits that make Guam a better place.

Pay-Less Kick The Fat - Pay-Less Markets Community Foundation supports organizations that better Guam's Community. Harvest House was one of many non-profits awarded with a grant. The Virtual 5k Run/Walk hosted Feb. 17 - March 7 funded this grant.

VOLUNTEERS

Because of the generous help of a group of students from Harvest Baptist Bible College and the Airman Leadership School Class 22-C, Harvest House was able to have a coat of fresh paint and projects completed around our facility! We are grateful to all those who served us!
